

## Welcome to your Yellowstone adventure.

Yellowstone is a special place, very different from your home. Like any grand adventure, your Yellowstone journey will take you to impressive new locations and introduce you to new experiences. That means there are different risks here than you may have faced before. **You are responsible for your own safety.**

We need your help to preserve the wildlife, natural features, and cultural treasures that bring so many visitors to Yellowstone. **Park rules protect you and also protect the park.** Follow the park rules for a safe and enjoyable visit. Please be a positive part of the Yellowstone experience. More guidance is described inside and online at [www.nps.gov/yell/planyourvisit/rules.htm](http://www.nps.gov/yell/planyourvisit/rules.htm)

## NPS Second Century

On August 25, 2016, we honored the creation of the National Park Service and its mission. This centennial year was filled with special activities and programs to connect visitors with the colorful history and spectacular features of Yellowstone. We invite you to become part of the next generation of park supporters and advocates as we begin our next century of service to America's national parks—engaging communities through recreation, conservation, and historic preservation programs.

## Road Safety

**Traffic-related accidents are the most common cause of injury and death in the park.**

- Drive cautiously. The park speed limit is 45 mph (73 kph), except where posted slower.
- Watch out for wildlife on or near roadways.
- Use pullouts. If you need to stop for any reason, use a road pullout and let faster traffic pass.
- Keep the road clear at all times; even when you are watching wildlife.
- Stopping a vehicle, standing, or walking in the road is dangerous to everyone—drivers, pedestrians, and animals.

## Thermal Area Safety

- Stay on boardwalks and designated trails. The ground is unstable in hydrothermal areas.
- Do not push or shove other people.
- Water in geysers and hot springs can severely burn you. Keep hands out.
- Keep litter out of the pools. Do not throw any objects into hydrothermal features.

## Wildlife Safety

- Animals in Yellowstone are wild and dangerous.
- Bison, bears, and elk have injured and killed visitors. For your own safety, keep back and give them space to be wild.
- Stay 100 yards (91 m) away from bears and wolves.
- Stay 25 yards (23 m) away from all other animals. If the animal moves closer, you must back away.
- Store food securely.
- Do not feed any animals, even birds and squirrels.

### Unmanned aircraft prohibited.

Launching, landing, or operating unmanned aircraft (drones) on lands and waters administered by the National Park Service is prohibited. Check at a visitor center or ranger station for further information.

### Yellowstone Live!

Get real-time road status for Yellowstone National Park at <http://go.nps.gov/yellroads>

## Bear Country Safety

- Carry bear spray and know how to use it.
- Hike in groups of three or more people.
- Make noise to avoid surprise encounters.
- Never run from a bear, they have an instinct to chase.
- Stay on designated trails.
- Avoid carcasses and hiking at night.

## Please Use Good Sense and Good Manners

Traveling can be very stressful and it is easy to get overwhelmed. Please remember to **pack your patience** and show courtesy to others.

- Be prepared for potential delays or a change in plans. Allow time for road congestion and crowds at popular destinations.
- Keep children close.
- Observe safe distances and settings for selfies.
- Stay behind fencing, guard rails, and ledges.

**Medical services** • Yellowstone is on 911 emergency service, including ambulances. Medical services are available year round at Mammoth Clinic (307-344-7965), except some holidays. Services are also offered at Lake Clinic (307-242-7241) and at Old Faithful Clinic (307-545-7325) during the summer visitor season.

**Lost and found** • Call 307-344-5387 to report or retrieve items lost in lodging facilities. To report or retrieve items lost in other parts of the park, call 307-344-2109.

**All hazards NOAA weather radio** • If you have a weather radio receiver, tune to 162.425 MHz (Mammoth area) or 162.450 MHz (Lake area) to receive hazardous weather alerts. You can also check for updates posted at [www.crh.noaa.gov/riw/nwr/](http://www.crh.noaa.gov/riw/nwr/)

## These activities are prohibited

The following activities are not allowed in Yellowstone. They are dangerous or destructive and carry legal penalties, including fines.

- Willfully remaining near or approaching wildlife, including nesting birds, within any distance that disturbs or displaces the animal.
- Traveling off boardwalks or designated trails in hydrothermal areas.
- Throwing anything into hydrothermal features.
- Swimming in hot springs.
- Removing or possessing natural or cultural resources (such as wildflowers, antlers, rocks, and arrowheads).
- Leaving detachable side mirrors attached when not pulling trailers.
- Traveling off-road by vehicle or bicycle.
- Camping outside of designated campsites.
- Spotlighting wildlife (viewing with lights).
- Imitating elk calls or using buglers. Imitating wolf howls.
- Using electronic equipment capable of tracking wildlife.

This is only a partial list of regulations. For more information, consult 36 CFR and the Superintendent's Compendium posted online at [www.nps.gov/yell/parkmgmt/lawsandpolicies.htm](http://www.nps.gov/yell/parkmgmt/lawsandpolicies.htm)

Smoking is prohibited. Smoking is not allowed in geyser basins or on trails. You may not smoke in buildings or within 25 feet of building entrances.

Cigarette butts quickly accumulate in areas where smoking is allowed. Please help us keep the park free of litter.

## Any commercial activity in the park requires a permit.

- Commercial filming, regardless of equipment, and photography with props or models, require permits.

## In-park Reservations

**Yellowstone National Park Lodges–Xanterra** As one of Yellowstone's official concession companies, Xanterra offers lodging, camping, dining, and a variety of tours and activities. In summer, visitors can enjoy photo safaris, partial or full-day tours, horseback and stagecoach rides, and boating and fishing adventures. In winter, there are partial or full-day tours by heated snowcoach, skiing, and snowshoe adventures. Reservations and information are available at park hotels and at:

## Accessibility

A printed guide for visitors who use wheelchairs is available at all visitor centers and on the park website. To arrange for an ASL interpreter for NPS ranger-led programs, call 307-344-2251 at least three weeks in advance.

Qualified service animals are welcome throughout the park and in all park facilities. However, they must be leashed and under your control at all times. A permit is required for a service animal to enter the backcountry due to potential wildlife conflict and safety issues.

## Cell phone service

Cell phone service is limited in the park and surrounding areas. Cell service may be accessible in some developed areas and at the North and West Entrances. Cell tower locations are identified on the park map (back cover). Check with your provider to confirm coverage areas. As a courtesy to others, please silence your mobile device while enjoying Yellowstone's natural features.

**Park Tip Line** • To report a crime or criminal activity please call 307-344-2132. Leave as much detail as you can. Remain anonymous, or leave a name and number.

## Wi-Fi

Wi-Fi is available to visitors at the Mammoth Hotel lounge, the Old Faithful Snow Lodge, Lake Lodge cafeteria, and the Canyon and Grant Lodges for a fee. Connectivity is very limited and may not be available at all times.

The Horace M. Albright Visitor Center in Mammoth Hot Springs has free wi-fi.

## Pets

**Control your pet.** Pets are not allowed on trails or boardwalks, in the backcountry, or in hydrothermal basins. Where allowed, pets must be leashed and remain within 100 feet (30.5 m) of a road or parking area. Do not leave a pet unattended, tied to an object, or without adequate food, water, shade, ventilation, or other basic needs. Owners must bag and dispose of pet waste. We recommend that someone in your group remain with your pet to personally ensure their wellbeing.

## Firearms

**Know your responsibilities.** Firearms are allowed in national parks pursuant to state and federal regulation. They are prohibited in facilities where signs are posted, such as visitor centers, government offices, and some concession operations. Discharge of firearms is prohibited. Possession and use of weapons, such as air guns, bows and arrows, spears and slingshots, is also prohibited. Details are available at [www.nps.gov/yell/parkmgmt/lawsandpolicies.htm](http://www.nps.gov/yell/parkmgmt/lawsandpolicies.htm)

## Health concerns

- Toxic gases may exist at dangerous levels in some hydrothermal areas. If you feel sick, leave immediately.
- Much of the park is above 7,500 feet (2,275 m). Allow yourself time to acclimate.
- Drink plenty of liquids to avoid dehydration.
- Be aware of your physical limitations and don't overexert. **Strenuous activities are not recommended for visitors with heart, lung, or other health conditions.**

## Keep your distance

- Federal regulations require you to stay at least 100 yards (91m) away from bears and wolves, and at least 25 yards (23 m) away from all other wild animals, such as bison, elk, bighorn sheep, deer, moose, and coyotes.
- If an animal moves closer to you, you must move to maintain the appropriate distance.
- Do not surround, crowd, or disrupt an animal's path of movement.
- If other visitors put you or wildlife in danger, leave the scene and notify a park ranger.

## Safe roadside viewing

- **Watch from pullouts** if you see wildlife while driving.
- **Do not stop your vehicle in the road** or block the safe and free flow of traffic along any portion of the roadway.
- Be certain that **all four tires are off the road** when pulling over.
- Stay inside your vehicle if wildlife are nearby.
- Keep arms, cameras, and children inside while the vehicle is moving.
- Keep all doors closed while the vehicle is in motion.
- Do not stand in the roadway or block any portion of the road with tripods, chairs, or other objects.

## Keep your food secure

Do not feed any wildlife, including small mammals and birds. Consuming human food is unhealthy and encourages aggressive behavior that may require animals to be destroyed.

All food, trash, and scented items must be kept bear-proof at all times. Tents, truck beds, and picnic tables are not secure. In some areas, ravens have learned how to unzip packs and scatter the contents.

None of these items, even if clean and empty, may be left unattended at any time:

- Water and beverage containers
- Food, including condiments, even if in containers
- Cooking or eating utensils
- Stoves and grills
- Coolers and ice chests
- Garbage—bagged or not
- Food, including condiments, even if in containers
- Cosmetics and toiletries
- Pet food and bowls
- Pails, buckets, and wash basins

## Stay on boardwalks

**Stay on designated trails and boardwalks.** Ground in hydrothermal areas is fragile and thin, and there is scalding water just below. Visitors have fallen through and died here. Keep your children close at hand.

You may be safer on designated trails and boardwalks, however wildlife can still approach you. On trails, boardwalks, and sidewalks, maintain the minimum distance from animals at all times. This might require you to turn back the way you came, or find a safe detour.

## Safe selfies

- **Be aware of your surroundings.**
- Stay behind fences and guard rails.
- Do not turn your back on wild animals.
- Keep children close to you at all times.

## Fishing season

General fishing season opens May 28 and closes November 6, 2016. Fishing regulations in Yellowstone protect the unique values of the park ecosystem and conserve native fish species. Fishing permits are required in Yellowstone, state-issued fishing permits are not valid within the park. Anglers 16 years or older need a permit in the park. Younger children can fish for free under certain conditions.

Anglers are responsible for knowing how to tell the difference between species. Native fish must be released unharmed back into the water immediately. These include:

- Arctic grayling
- cutthroat trout
- mountain whitefish

Special tackle restrictions are also in effect for park waters:

- Hooks must be barbless.
- Tackle and lures must be non-toxic. Leaded split-shot sinkers, soft lead-weighted ribbon, and other toxic tackle are not allowed.
- Bait is not allowed. Organic bait (worms, minnows, etc.) and inorganic bait (rubber worms, scented attractant, etc.) are both prohibited.

Permits are available as facilities open. Inquire at ranger stations, visitor centers, or general stores, and at select locations outside the park. Regulations are posted at [www.nps.gov/yell/planyourvisit/fishing.htm](http://www.nps.gov/yell/planyourvisit/fishing.htm)

## Bicycle safely

Bicycling is permitted on established public roads, parking areas, and designated routes. Bicycles are subject to the same traffic rules as automobiles and are prohibited on backcountry trails and boardwalks.

Regulations require that cyclists ride single file and we strongly recommend wearing a helmet and high visibility clothing. Park roads are narrow and winding with few shoulders. During April, May, and June, high snowbanks may make travel more dangerous. Road elevations range from 5,300 to 8,860 feet (1,615 to 2,700 meters), and services and facilities are relatively far apart. Be wary of over-exertion.

Some gravel roads are open to both bicycle and automotive traffic. Find information on routes and safety on the park website or pick up the *Bicycling in Yellowstone* brochure at a visitor center or ranger station.

## Backcountry camping

Overnight backcountry camping is allowed in designated sites and requires a permit. Permits can be obtained up to two days before the start of your trip at any backcountry office. Permits are free prior to Memorial Day. From Memorial Day through September 10, a per-person, per-night fee applies.

- Backpackers and boaters: \$3 per-person per-night (group maximum \$15 per night).
- Groups with stock animals: \$5 per-person per-night.

Detailed information on backcountry permit fees and making advanced reservations is available online at

[www.nps.gov/yell/planyourvisit/backcountryhiking.htm](http://www.nps.gov/yell/planyourvisit/backcountryhiking.htm)

### These activities require a permit

- Fishing
- Boating or use of float tubes
- Overnight backcountry camping
- Travel with a service animal in the backcountry
- Stock entry into the park requires Coggins testing.

### Backcountry Offices are located at:

- Albright Visitor Center
- Tower Ranger Station
- Canyon Visitor Education Center
- Bridge Bay Marina/Ranger Station
- Grant Village Visitor Center
- South Entrance
- Bechler Ranger Station
- Old Faithful Ranger Station
- West Yellowstone Visitor Information Center

## Boating

Motorized boating is allowed on most of Yellowstone Lake and on Lewis Lake. Only non-motorized boating is allowed on most other lakes. Only one river is open to non-motorized boating, the Lewis River channel between Lewis and Shoshone lakes. Permits are required for all boats and float tubes. Boaters must have a Coast Guard-approved wearable flotation device for each person.

**All boat permits** (motorized, non-motorized, and float tubes) can be purchased at the South Entrance, Grant Village Backcountry Office, and Bridge Bay Ranger Station.

**Float tube permits** are available for anglers at Mammoth, Canyon, and Old Faithful backcountry offices, Northeast Entrance, and Bechler Ranger Station.

All boats will be inspected by NPS rangers for Aquatic Invasive Species (AIS) when obtaining

## STOP AQUATIC HITCHHIKERS!

Prevent the transport of nuisance species.  
Clean all recreational equipment.  
[www.ProtectYourWaters.net](http://www.ProtectYourWaters.net)

a permit. As a precaution, any type of watercraft suspected of harboring AIS will be subject to a non-chemical decontamination treatment.

Transporting water, or any aquatic plants and animals into park waters is illegal. **Aquatic Invasive Species** are nonnative plants and animals that can cause irreversible harm to the park ecosystem. New Zealand mudsnails, whirling disease, and lake trout have resulted in loss of native fish and closure of some areas. Watercraft users and anglers are asked to inspect all items that may come in contact with park waters, ensuring that they are clean and dry. If you witness a violation, call 307-344-7381 or contact a ranger.

### Park waters are swift and cold

- Swimming in park rivers is not recommended. Currents can be strong and fast.
- Swimming in hot springs is prohibited.
- There is no lifeguard on duty at the Firehole Canyon Drive swimming area. Cliff jumping is prohibited and parking is limited.

## Be prepared for bear encounters

### Safety For Bears, Safety For People

## Be aware, be prepared

Hiking in bear country has inherent risks. You are likely to be safer if you stay on roads and official trails but **your safety cannot be guaranteed.**

You are most likely to encounter bears at park roadsides. If you see a bear while driving, do not stop and do not block any portion of the road. Regardless of what other people do, keep moving to the next paved pullout and park safely. If the bear is within 100 yards, watch and take photographs from inside your car.

## A bear doesn't care if you are the Superintendent.

## Carry bear spray and know how to use it.

To avoid attracting bears, store all food, trash, scented items, coolers, and cooking tools in a bear-resistant container or your vehicle. Tents, truck beds, unattended packs, and picnic tables are not safe from bears.

Learn more about bears, safe bear viewing, and how to properly use bear spray at **Experiencing Wildlife in Yellowstone**, a free ranger program presented at visitor centers throughout the park. Check pages 8–10 for times and locations.

## Bear Spray Recycling

Bear spray cannot be taken on airplanes and should not be thrown in the trash. However, canisters can be recycled at park hotels, stores, visitor centers, backcountry offices, and ranger stations, as well as area camping stores, and the Bozeman airport.

## Bear Spray Rental— Canyon

Bear Aware LLC rents bear spray from May 21 to September 18. The rental kiosk is located at the north end of the Canyon Visitor Education Center plaza.

Rentals can be returned at the kiosk or at gas stations at Mammoth, Tower, Fishing Bridge, Grant, and Old Faithful.

Rentals include holster and belt, hiking safety information, and instructions on proper use of bear spray. Cost is \$9.25 per day or \$28.00 per week (3–7 days). Prices do not include tax. For more information visit [www.bearaware.com](http://www.bearaware.com).

## Hiking in bear habitat

- **BE ALERT**  
watch for bears, fresh tracks, or scat.
- **MAKE NOISE**  
in areas with limited visibility.
- **CARRY BEAR SPRAY**  
and know how to use it.
- **HIKE WITH THREE**  
or more people.
- **DO NOT RUN**  
Bears have an instinct to chase.

## Bear encounters

Check at local visitor centers or ranger stations for recent bear activity before hiking, and respect all bear management closure areas.

- If you encounter a bear (*most common*)—**slowly back away.**
- If the bear charges at you (*rare*)—**stand your ground and use bear spray.**
- If a bear charges and makes contact with you (*very rare*)—**fall onto your stomach and “play dead.”**
- If a bear stalks you, then attacks (*extremely rare*)—**fight back.**
- If a bear attacks you in your tent (*extremely rare*)—**fight back.**

## Charged by a bear

Bear spray is sold at gift shops, outdoor stores, service stations, and bookstores inside the park, as well as in many stores in the surrounding communities.

### If a bear charges at you:

- Remove the safety clip.
- Aim slightly downward and adjust for crosswind.
- Begin spraying when the charging bear is 30–60 feet (10–20 m) away.
- Spray at the charging bear so that the bear must pass through a cloud of spray.

### If the bear continues to charge:

- Spray into the bear's face.

Once discharged, it is difficult to tell how much spray remains in the canister. Follow manufacturer's recommendations for canister replacement.

For more information about your safety in bear country visit <http://go.nps.gov/bearsafe>.

# Camping makes memories for a lifetime

## First-come, first-served

Campsites are first-come, first-served at the NPS-operated campgrounds: **Mammoth, Norris, Indian Creek, Lewis Lake, Pebble Creek, Slough Creek, and Tower Fall**. Arrive early to obtain a site, campgrounds fill quickly.

## Reservable sites

Sites at **Canyon, Bridge Bay, Madison, Grant Village, and Fishing Bridge RV Park** can be reserved through Yellowstone National Park Lodges by calling 307-344-7311. Fishing Bridge is closed to tents and tent trailers. Only hard-sided camping units are allowed. Hookups include water, sewer, and 50 amp electrical service. There are no picnic tables or fire grates.

## Overflow camping

There are no overflow camping areas available in Yellowstone. No camping or overnight vehicle parking is allowed in pullouts, parking areas, picnic grounds, or any place other than a designated campground. Additional camping may be available in neighboring communities.

## Check-in and check-out

Registration desks at reservable campgrounds are open 7 AM to 10 PM during peak season, and 8 AM to 9 PM during early and late season. Check-out time is 11 AM.

## Length of stay

Camping is limited to 14 days from July 1 through Labor Day (first Monday in September) and 30 days the rest of the year. There is no limit at Fishing Bridge.

## Discounts

Holders of Senior and Access passes receive a 50 percent discount on camping fees, except at Fishing Bridge, where no discounts apply.

## Know your vehicle, tent, and tow sizes

To reserve a site, you will be asked for the length and width of your tent, RV, or the combined length of your vehicle and anything you are towing. For non-reservable sites, use the total combined length of your vehicle and trailer to determine which campground can best accommodate your rig.

## Quiet hours

From 10 PM to 6 AM, no loud audio devices or other noise disturbances are allowed.

All of your food, cooking utensils, and garbage must be kept secure unless in immediate use.

## Group camping

Group camping (tents only) is available at Madison, Grant, and Bridge Bay for organized groups with a designated leader. Fees range from \$110 to \$335 (plus tax and utilities) per night, depending on group size. Advance reservations are required.

## Food storage boxes

Food storage boxes are available at all of the campsites at Indian Creek, Pebble Creek, Slough Creek, Tower Fall, Norris, and Lewis Lake campgrounds. Many campsites in other campgrounds are also equipped with bear-proof storage boxes.

## Key to campground features

## Programs for young people

### Junior Ranger Program

If you are age 4 or older, you can become a Yellowstone Junior Ranger. Stop by any visitor center to purchase a new Junior Ranger activity booklet for \$3. Hike on a park trail, complete the age-appropriate activity pages, and attend a ranger-led activity, to earn your official Yellowstone Junior Ranger patch. Both children and adults benefit by learning more about the natural wonders of the park and sharing the fun of becoming a Junior Ranger.

### Young Scientist Program

Become a Young Scientist at the Canyon (ages 10+) or Old Faithful (ages 5+) visitor education centers. Purchase a self-guiding booklet for \$5. If you investigate the Old Faithful area, check out a Young Scientist Toolkit for the gear you need. Once you finish, you will be awarded a Young Scientist patch or key chain.

### Every Kid in a Park 4th Grade Pass

The *Every Kid in a Park* program invites 4th graders and their families to visit and enjoy America’s unparalleled outdoors. The *Every Kid in a Park 4th Grade Pass* is free for U.S. 4th grade students and covers entrance fees on federally managed lands and waters. The pass is valid for 12 months beginning September of the year that the student begins 4th grade. Qualifying students must present a valid paper voucher printed from the *Every Kid in a Park* website (<http://everykidinapark.gov>) to be exchanged for the pass.

Road, service, and program schedules may change. Check locally and at [www.nps.gov/YELL](http://www.nps.gov/YELL) for current information.

# Partners in Sustainability

## The National Park Service mission

*The National Park Service preserves unimpaired the natural and cultural resources and values of the national park system for the enjoyment, education, and inspiration of this and future generations.*

Our commitment to environmental stewardship extends to sustainable operations and facilities. Yellowstone National Park, park concessioners, and partners work together to reduce the park's ecological footprint from our operations and the services we provide, preserving natural resources through sustainable practices and extending the benefits of resource conservation and outdoor recreation throughout this country and the world.

During your time in Yellowstone and beyond, we encourage you to do your part by practicing the following:

Minimize waste and properly dispose of all waste items. Recycling bins are located throughout the park for plastic, glass, metal, paper, cardboard, propane canisters, bear spray, batteries, and more.

We encourage you to stay hydrated during your visit. We also ask visitors to please use a reusable water bottle and fill it up for free at our many water filling locations. All Yellowstone tap water is clean and ready to drink. Water in cans or boxes is sold in some stores as an alternative to single-use plastic containers.

In an effort to reduce harmful emissions from idling, turn your vehicle off while you are parked or stopped for more than 30 seconds. Emissions can also be reduced by carpooling and utilizing transportation services to tour the park.

Reduce energy use by turning off lights, heat, and electrical devices when you leave your rooms.

Help reduce water consumption by being aware of your water use. Turn water off while brushing your teeth, shorten showers, and participate in towel and linen reuse programs if you are staying in park lodging.

This sustainability message is brought to you by the Yellowstone Environmental Coordinating Committee (YECC), a team of National Park Service employees, park concessioners, and non-profit partners combining efforts to realize sustainability achievements in Yellowstone National Park. The YECC is comprised of representatives from Delaware North Companies, Medcor Inc., National Park Service, Xanterra Parks & Resorts, Yellowstone Association, Yellowstone Park Foundation, and Yellowstone Park Service Stations.

# YELLOWSTONE DEPENDS ON THE FAITHFUL.

**MEDICAL SERVICES  
AT YELLOWSTONE**

**+** **Emergencies** Dial "911" or contact any National Park Service ranger within Yellowstone. Specially trained rangers provide rescue, emergency medical care, and ambulance service.

**+** **Medical Clinics** Medcor operates three urgent-care clinics within Yellowstone park. The clinic at Mammoth is open year round, staffed by a board-certified physician and experienced RNs. The clinics at Lake and Old Faithful are open seasonally (see below for schedules). All of these clinics are open to the public and are staffed and equipped for most medical emergencies and routine care. Services include injury and illness treatment, x-rays, and some lab and pharmacy services. If in-patient care or advanced services are required, the clinic staff can stabilize patients and arrange for appropriate transfer to a hospital.

**+** **Eastern Idaho Regional Medical Center**  
Air and ground ambulance, emergency medical direction, training, and trauma/ specialty care from one of the top Trauma Centers in the U.S.

## Plan ahead for winter exploration

Visitors interested in guiding a small, 1–3 day, private (not commercial) snowmobile trip through Yellowstone this winter can apply for permits at [www.recreation.gov](http://www.recreation.gov) September 1–30, 2016. Applicants must be 18 years or older with a valid driver's license.

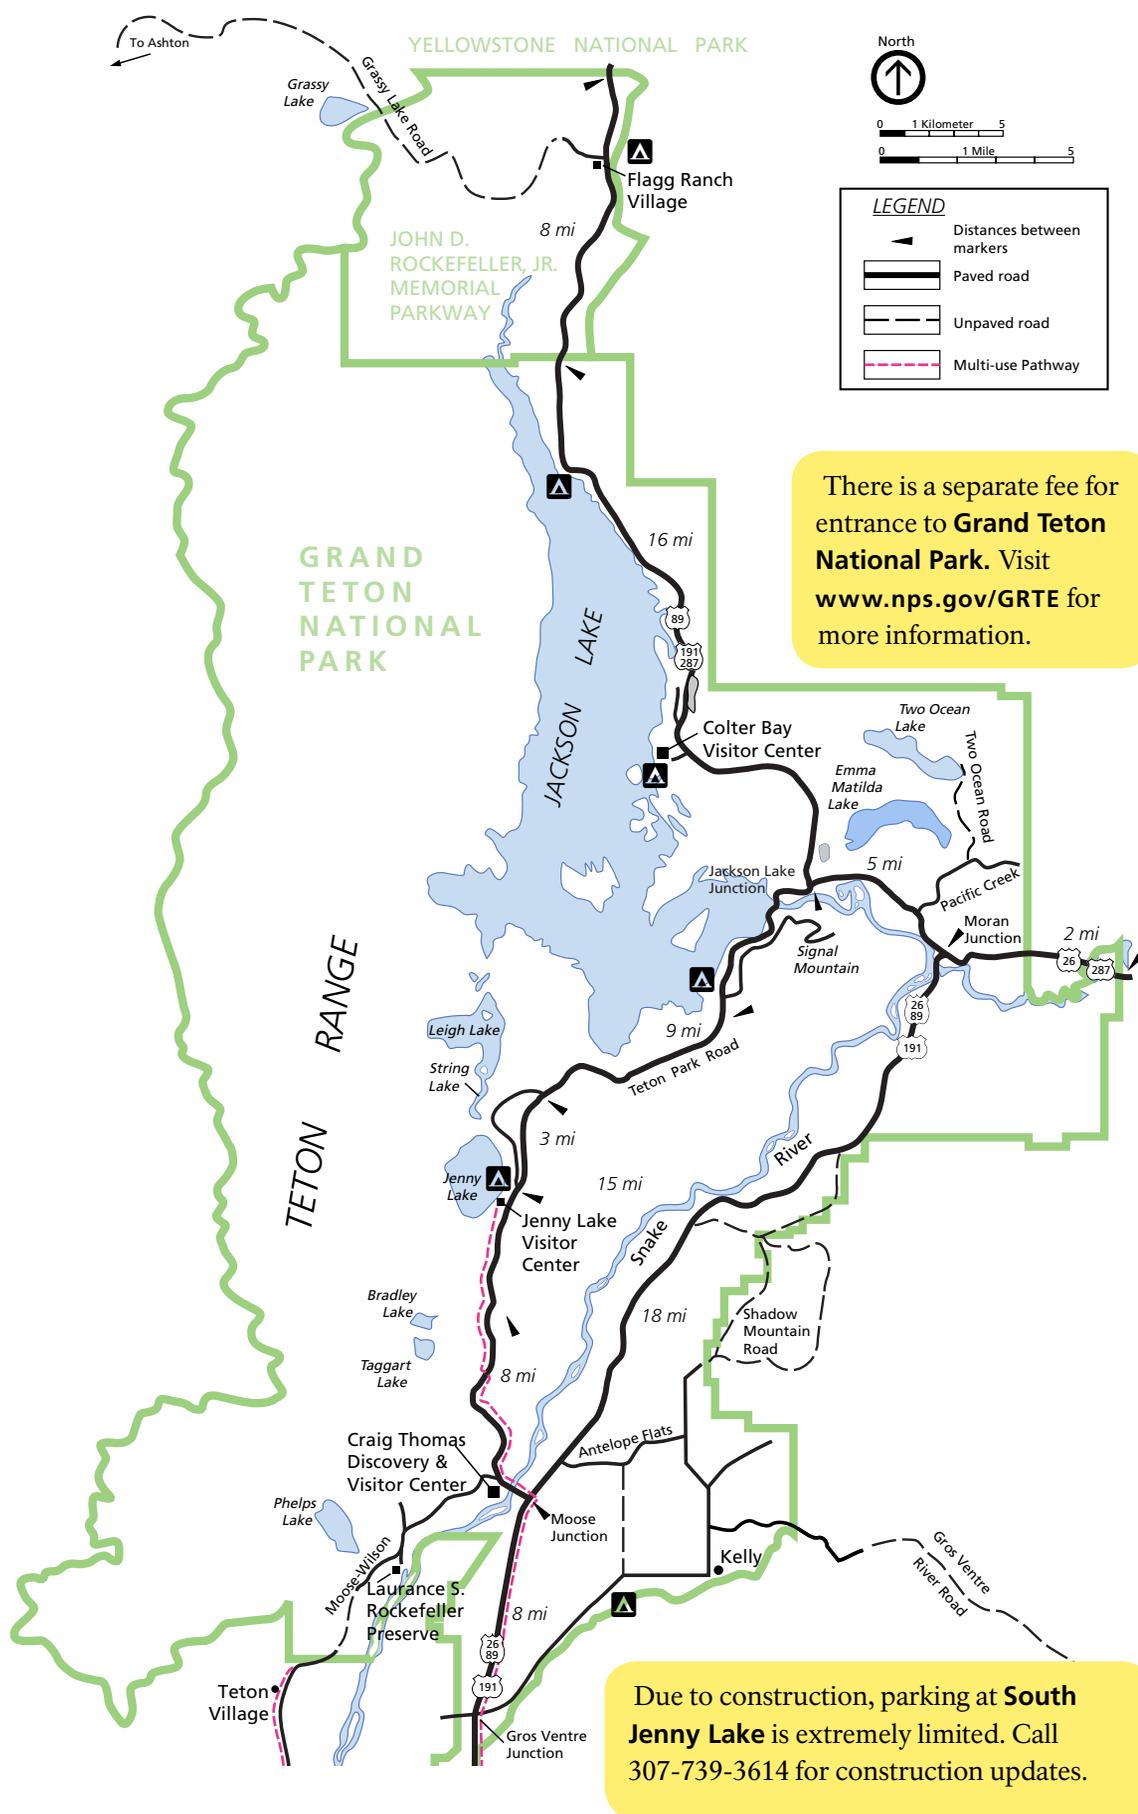

Permit holders are considered non-commercial guides and may lead groups of up to five snowmobiles. All snowmobile operators must be licensed drivers at least 16 years old and all group members, including the permit holder, must complete the free, online Yellowstone Snowmobile Education Certification course.

Beginning in early November, unclaimed or canceled permits can be obtained with a

first-come, first-served reservation through [www.recreation.gov](http://www.recreation.gov).

Visit the official park website for more information. <http://go.usa.gov/3GHVP>.

## More next door

Teton Range from Schwabachers Landing.

**Grand Teton National Park** offers spectacular scenery, campgrounds, exhibits, and an abundance of outdoor activities. Hiking, sightseeing, boating, floating the Snake River, horseback riding, and fishing are all available depending on seasonal conditions.

**Backcountry camping** requires a permit from the Craig Thomas or Colter Bay visitor centers, or the Jenny Lake Ranger Station. Walk-in permits are \$25, permits with a reservation are \$35. Reservations can be made on-line from early January through May 15.

**Boating** requires a Grand Teton boating permit, sold at most visitor centers and a Wyoming Aquatic Invasive Species inspection and sticker. A Wyoming fishing license is required to fish in the park.

**Grand Teton Guide**, the park newspaper, is available at entrance stations and visitor centers, or on the park website at [www.nps.gov/grte](http://www.nps.gov/grte)
